Plan for today

- ▶ Overview of the changes
- ▶ More info on 59X – 595, 596, 596-JEP
- ▶ Answer any questions

Background for Changes

- ▶ SIS
 - ▶ Streamlining and updating course names and credit hours; adding a course
 - ▶ Revising the core in SIS
- ▶ CEHHS updating and streamlining procedures for licensure, online classes, JEP program, and preparing for ongoing accreditation
- ▶ Tennessee State Department implementing changes in licensure procedures

Changes from SIS/UTK

- ▶ Name changes for 551, 571, 572, 576, 595, 596 (regular and JEP)
- ▶ Core classes changes
 - ▶ 511, 512, 514, starting Fall 2019
 - ▶ *510-20-30 goes away; if you started that sequence but won't complete it by December 2019, email me ASAP.*
- ▶ New course – 506 edTPA Support
- ▶ Credit-hour changes and why this matters
 - ▶ 596 – reduced from 200 clock hours to 100 but you can still do it in one (~100 hours) or two parts (~50 hours, two semesters)
 - ▶ Why is this important?? The one hour gap
- ▶ Program Growth!
 - ▶ Classes will fill, it may take longer to finish, don't wait to register once your window opens

If you ...

- ▶ Took 510, 520, and 530, you WON'T take 511, 512, 514
- ▶ Took 580, and 581, you WON'T take 514
- ▶ Took classes that are no longer required (like 573), it becomes an elective
- ▶ What else? What other transition questions?
- ▶ **Can I finish with the old advising form or do I have to use the new one?**
 - ▶ *Other than 510, 520, and 530, all courses are available so either is fine*
 - ▶ *If you start in Summer or Fall 2019, you'll use the new advising forms*

Questions?

What stayed the same?

- ▶ 3 separate credentials, each with their own separate requirements
- ▶ There is a virtual advising session each Fall, with Lisa Emery from CEHHS
- ▶ In 595 and 596 (not JEP) you **must** spend practicum time in all 3 levels (elementary, middle, and high school)
 - ▶ If you take 596 twice, you'll hit all 3 BOTH times
 - ▶ Try to schedule chunks of time rather than 30 minutes or an hour
- ▶ You can take up to 9 hours outside of SIS, but only 6 hours outside of UTK
- ▶ You can complete your MSIS and then return someday to add the teaching license and endorsement, or do it all together

Changes from the State

- ▶ Partnership agreement with any school system that hosts students for practica (city, county, independent, etc.)
 - ▶ When you get ready to think about practicum, outside of Knox County, check with me to be sure your county or school system has an existing agreement
 - ▶ Don't wait too long to check on this, we need lead time to get agreements in place
- ▶ edTPA (for initial license only)

CEHHS Changes

- ▶ Additional components, vary depending on the 59X class
 - ▶ Google Certification, ProCADS, observations – 1 or 2 kinds, mentors, TVAAS accounts (in addition to any you have at work already)
- ▶ Risk Management – for anyone going into schools
 - ▶ Background check (even if you already did one for your employer), fingerprints, TN Mandatory Reporter training, insurance, Child Protection Training
- ▶ Uploads to HAL (their database) – assignments, other evidence of completed requirements, self-evaluations (ProCADS)
- ▶ EDPY 401 and SPED 402 are moving online, but not all at once
 - ▶ 401 – Fall and Summer (note: summers will be tough to get into)
 - ▶ 402 - Spring and Summer (ditto)
- ▶ JEP admission process and requirements

Job Embedded Program (JEP)

- ▶ This is a CEHHS (not SIS) program
- ▶ You must apply through them
- ▶ Applying to the Job-Embedded Practitioner program requires multiple steps including:
 - ▶ Complete the Job-Embedded Practitioner Transcript Review Request
 - ▶ Complete the Job-Embedded Practitioner Program Application
 - ▶ Submit score report(s) for the required Praxis test(s) for your specific licensure area
 - ▶ Background clearance
 - ▶ Submitting copies of all college transcripts
 - ▶ Being hired as a teacher in a partnering school district
 - ▶ For more information, contact Lisa Emery at lemery@utk.edu or 865-974-8194.
- ▶ **Before** you contact Lisa, read all the info at <https://cehhsadvising.utk.edu/job-embedded-practitioner-licensure/>.
- ▶ This is going to take time, so if you get hired at the last minute, be prepared to work through the process.

How do I arrange 59X for Knox County

- ▶ In addition to what I'll ask for, you will need to complete their:
 - ▶ Online registration form
 - ▶ Drug screening
 - ▶ Background check
 - ▶ More info at <https://osbe.utk.edu/knox-county-schools-student-teaching-internship-registration/>
- ▶ This all happens AFTER you have procured your placements through me and KCPL
 - ▶ You may contact librarians and then send me a request list
 - ▶ Once your choices have been confirmed or assignments made, then(and only then) you do their paperwork. Me first, then them. Me.

How do I arrange 59X anywhere else?

- ▶ Contact the school district office for the schools you want
- ▶ Once they agree (it will need to be both the librarian and principal or HR office), THEN email me and let me know what you've got in place
- ▶ Sometimes they want proof that you're for real. Let me know and provide names and email addresses (or tell me they want snail mail and give me an address), I will send a letter and copy you on it

When do I do this/these things?

- ▶ The semester before you register for 59X, start thinking about the schools you want to be in, and you can even approach them if you like
- ▶ Once you register for 595 or 596, definitely contact them and get arrangements made; JEP is a different situation.
- ▶ I will do requests for placement in Knox County in late April/early May for Fall, and late September/early October for Spring; if you're somewhere else, try to work on the same timetable.
- ▶ I can't do this without your info so you need to get the 595/596 placement sheet completed and to me ASAP after you register for the 595 or 596 class. Please don't make me chase you. Again, JEP is different.

Questions?

I know this is a lot to remember, and I'm here to help. I need you to pay attention to your own situation and what is coming next for you.
