- Fax (SIS): 865.974.4667

Welcome Statement
Welcome to INSC 516 Geospatial Technologies! I hope this course will ignite your interests in geospatial data and all of the technologies that create and analyze them. In this course you’ll learn a geographic information system (GIS) through a series of lab assignments, but to provide context of why and how GIS are used there are also readings. All of the readings are in Canvas site. The course schedule will be your guide as well as this Syllabus to when items are due. It is possible to work ahead, but please don’t get behind.

Everything will be submitted via Canvas. All class meetings will occur in Zoom. The entry password is 516. If at any time you are experiencing difficulties in this class, or have questions, or just want to chat more, please reach out (wade.bishop@utk.edu). The course counts as an elective toward the Research Data Management Certificate. https://sis.utk.edu/rdmc; MSIS; and is strongly recommended for anyone pursing the Geographic Information Pathway https://sis.utk.edu/exploreprograms/masters/career-pathway-geographic-information

Office hours on Tuesday mornings are blocked off from other courses, standing research team meetings, and global, university, college, and school service commitments. Still, let me know if those times cannot work and we will figure something out. Have a great semester!
COURSE INFORMATION

Catalog Description
This course explores the creation, distribution and growth of geospatial data, highlighting their uses and misuses. Structured as an applications-based course where students learn how geospatial technologies are used to turn geospatial data into maps, tables and imagery through hands-on exercises and laboratory works.

Student Learning Outcomes
Students who complete this course will:

- Explain the basic nature, characteristics, specification, types, acquisition, processing, organization and management of geospatial data in a geographic information system;
- Describe, select and apply the basic functional and analytical capabilities of GIS;
- Organize and visualize spatial data in ArcGIS; and
- Describe and explain pertinent policy issues relating to the use of GIS in the public and private sectors.

Prerequisites: None.

Background:
This elective was developed for the Geographic Information Librarianship project (GIL) with funding by the Laura Bush 21st Century Librarian Program Grant via the Institute of Museum and Library Services (IMLS) in their “programs to build institutional capacity” category.

Required Text
All other readings are either available in Canvas.

COMMUNICATION

Email
I am required to communicate with you through your UTK email address. If you prefer to use another address, consult the OIT Helpdesk to obtain directions for forwarding your UTK email to your preferred address if you do not wish to check both accounts.

Instructor Availability
Please don’t hesitate to email me with updates, questions, or concerns. I will typically respond within one or two days during the week, but I might not respond on the weekend. I will notify you if I will be out of town and/or if connection (or other) issues may delay a response.
COMPUTING REQUIREMENTS AND RESOURCES

Requirements
Since you will attend class via Zoom, you should plan to have a device that will allow you to take notes and view course readings. The course is learning geospatial technologies (ArcGIS Pro 2.8) and requirements for the software are detailed through the Office of Information Technology download site (https://webapps.utk.edu/OIT/SoftwareDistribution).

The instructions to download from OIT are straightforward and located on that website. YOU may NEED to call OIT (865-974-9900) or email them through their site if you are having issues. ArcGIS can run on a Mac, but you need to install Windows in Boot Camp or Parallels.

You will also use your NetID to use ArcGIS Online (AGOL) https://www.arcgis.com/index.html and Esri Training Academy https://www.esri.com/training/ for both accounts use: myutk and then select University of Tennessee.

Although this elective does not require any pre-requisites, in past versions of the course students suggested the IT skill expectation be more clearly stated and links to remedial tutorials provided (if needed). With 514 a requirement for all MSIS students, I will assume you have a basic understanding of installing software, using a relational database, and having some background in other software than GIS that you might use in your final project (e.g., Excel, Adobe Reader). You will use something to capture screen shots when turning in labs assignments.

You will be asked to submit screen shots of assignments. This means you should know how to hit PrtScn and copy and paste into any image software, or use whatever snipping tool you have.

Editing maps for your final project will look more professional in other software (e.g., Adobe Illustrator or other software), but that is not required.

ATTENDANCE AND PARTICIPATION POLICIES

Inclement Weather
The chancellor (or appointed representative) may officially close or suspend selected activities of the university because of extreme weather conditions. When a decision to close is made, it applies to all classes (whether on-campus or online). The information is distributed to the campus community, shared with local media, and posted on the University homepage at http://utk.edu.

Learner Expectations
• Be prepared for all classes
• Be respectful of others
• Actively contribute to the learning activities in class
• Abide by the UT Honor Code Instructor Expectations
Instructor Expectations
• Be prepared for all classes
• Evaluate all work fairly and equitably
• Provide timely feedback
• Be respectful of all students
• Be responsive to student emails and requests for meetings
• Create and facilitate meaningful learning activities
• Behave according to University codes of conduct

ASSIGNMENTS

Assignment Descriptions and Due Dates
This table provides a brief summary of assignment by name, due date, point value and percentage of final grade. A brief description of each assignment follows the table.

<table>
<thead>
<tr>
<th>Assignment</th>
<th>Point Value</th>
<th>Percentage of Final Grade</th>
<th>Due Date</th>
</tr>
</thead>
<tbody>
<tr>
<td>Labs (12)</td>
<td>60</td>

</tr>
</tbody>
</table>

Acceptable reasons for absence from class include:
• Illness
• Serious family emergencies
• Military obligation
• Severe weather conditions
• Religious holidays and
• Obligations for court imposed legal obligations (i.e., jury duty, subpoena)

Other reasons may also be approved.

Being engaged in this course is predicated on consistent attendance and timeliness, and coming to class having closely read and considered the assigned material. But more than this, “staying in class” entails frequently contributing your ideas via chat or voice to class discussions.
Fall 2022–Bishop

**Labs (60%)**: There will be twelve labs during the semester (5 points each). The first is simply creating your ArcGIS Online account and downloading ArcGIS Pro 2.8. Ten labs are chapters in the lab book and one is Esri Training lab vis UTK—Getting Started with the Geodatabase. You may find other Esri Training labs of interest, so know the learning can continue beyond the basic requirements of this course. Please be aware that some labs take longer than others and when possible, screen shot the last step in an exercise of all of them (e.g, Ch. 2 has 3 exercises, so three screenshots pls). No late labs will be graded due to rigorous schedule, but you may work ahead.

**Quizzes (10%)**: There will be two quizzes in this class, consisting of essay and definition questions. The quizzes are designed to evaluate your comprehension of geospatial technology concepts. The class discussions, labs, and readings will prepare you.

**Article Presentation (10%)**: Students locate, read, and report to the class on a GIS-related article of their choosing. It should be an article from a peer-reviewed journal. It may be one of the articles you include in your literature review for the final project. Presentations should cover the problem the study addresses, the method, the findings, implications for the area and future research potential.

**Research Proposal and GIS Project (20%)**: Do not ask me what I want your research project to be about. This is an opportunity for you to select a topic that interests you! *A one-page proposal of your paper is due at 11:59PM on Oct. 4th.* This proposal is worth 12 points. The proposal should be a short outline and contain the following:

1. Select and describe a topic, with a working title, brief description of what you plan to investigate, how you plan to investigate, and brief literature review for consideration (at least 5 sources). Please provide a description of how you will get the data (if needed) to do your analyses. Pick a topic that will benefit your future and that you will enjoy.

The remaining points for the assignment results from these items outline in the rubric below.

2. Find research articles (peer-reviewed) on the topic, and use your interpretation and evaluation of the research to inform important aspects of the future of geospatial technologies related to your topic; DO NOT simply summarize what has been researched, but relate the research articles to each other and synthesize a theme out of the articles you find. Each topic will have a different number of key articles, but for a final paper this length I expect ~20 citations.
3. Include a section where you discuss future implications for the field related to your topic and specifically for your career.
4. Finally, you will prepare a 15 minute presentation of your paper to inform the class.
5. As a semester long assignment, I have high expectations for the quality of this work. You should produce a project that is of publishable quality. I am indifferent about structure or citation style; however, be consistent and do not hesitate to ask for clarification. In fact, you may want to take this opportunity to produce work that would lead to an actual presentation, paper, or poster.
To give full attention to the paper, please produce at least 4,000 words of content. The following rubric should be used:

<table>
<thead>
<tr>
<th>IS 516: Rubric</th>
<th>3</th>
<th>2</th>
<th>1</th>
<th>0</th>
</tr>
</thead>
<tbody>
<tr>
<td><strong>Purpose (Due Oct 4)</strong></td>
<td>The author presents the topic, with a working title, a brief description of an investigation plan, with how investigation will occur and how the data will be found/collected, and also a literature review for consideration (at least 5 sources).</td>
<td>The author presents the topic, with a working title, a brief description of an investigation plan, but fails to include all other required details.</td>
<td>The author presents the topic, with a working title, a brief description of an investigation plan, but fails to at least half of the other required details.</td>
<td>Topic of the paper is unclear and does not address all required details.</td>
</tr>
<tr>
<td><strong>Literature Review</strong></td>
<td>Sufficient background information and a clear review of the topic and why it is important to geospatial technologies are evident.</td>
<td>Adequate background information and a clear review of the topic and why it is important to geospatial technologies are provided.</td>
<td>The author provides limited background information.</td>
<td>Insufficient or no background information is provided.</td>
</tr>
<tr>
<td><strong>Critical Analysis of the Research</strong></td>
<td>Exceptional integration and synthesis of research. Very effectively identifies and discusses implications and common themes relevant to the topic.</td>
<td>Research is integrated and well synthesized. Identifies and discusses some implications and/or themes relevant to the topic.</td>
<td>Very little integration and/or synthesis. Mainly reflects previous research findings, with very little critical analysis of the literature.</td>
<td>Discussion of the research is integrated poorly, with little to no critical analysis of past studies and/or articles.</td>
</tr>
<tr>
<td><strong>Future Implications for Field</strong></td>
<td>Effectively applies research findings and discusses implications for the future practice of the field and/or careers related to the topic.</td>
<td>Adequately discusses implications for the future practice of the field and/or careers related to the topic.</td>
<td>Discussion of application to future GIS practice and/or careers is limited.</td>
<td>Does not discuss implications for future practice of the GIS field or careers related to the topic.</td>
</tr>
<tr>
<td><strong>References</strong></td>
<td>Author includes at least 20 peer-reviewed articles and correctly cites them according to a consistent citation style of their choosing.</td>
<td>Author includes between 15-19 peer-reviewed articles and cites them according to a consistent citation style of their choosing.</td>
<td>Author includes fewer than 15 peer-reviewed articles and cites them according to their chosen citation style.</td>
<td>The author includes no peer-reviewed articles and does not cite any sufficient outside research.</td>
</tr>
<tr>
<td><strong>Grammar and Formatting</strong></td>
<td>No grammatical, spelling, or punctuation errors, and paper follows a consistent format.</td>
<td>Few grammatical, spelling, or punctuation errors, and format is generally consistent.</td>
<td>More than 10 grammatical, spelling, or punctuation errors, and/or formatting is inconsistent.</td>
<td>More than 15 grammatical, spelling, or punctuation errors, and/or inconsistent formatting detracts from paper’s readability.</td>
</tr>
<tr>
<td><strong>Length of Research Paper</strong></td>
<td>Length of final paper meets the assigned 4,000-word minimum</td>
<td>Length of final paper falls slightly below 4,000-word minimum</td>
<td>Length of final paper falls sufficiently below the assigned 4,000-word minimum</td>
<td>Length of final paper is unacceptable.</td>
</tr>
<tr>
<td><strong>Presentation</strong></td>
<td>Class presentation is around 15 minutes long and clearly presents the main issues of the topic.</td>
<td>Class presentation is around 15 minutes long and fails to cover clearly the issues of the topic.</td>
<td>The presentation goes substantially over or under 15 minutes in length, but covers main issues of the topic</td>
<td>The presentation goes substantially over or under 15 minutes in length and is unclear in covering the main issues of the topic.</td>
</tr>
</tbody>
</table>

Total: ____ / 20 points

**Submitting Assignments, Late Assignments**

Assignments should be submitted to the “assignments” area of Canvas and are due (officially) at 11:59 p.m. EST on the due date listed on the Syllabus. Late assignments are not accepted unless prior arrangements have been made, or if you have an unexpected emergency. Quizzes, reading reflections, and activities have firm due dates and cannot be made-up.

**Penalty for Late Work**

10% of the grade per business day may be deducted for work not submitted by class time on the due date.
# Grading Scale

Semester grades will be assigned according to the following scale:

<table>
<thead>
<tr>
<th>Grade</th>
<th>Range</th>
<th>Description</th>
<th>Quality Points</th>
</tr>
</thead>
<tbody>
<tr>
<td>A</td>
<td>93-100</td>
<td>Superior performance (4 quality points)</td>
<td></td>
</tr>
<tr>
<td>A-</td>
<td>90-92.99</td>
<td>Intermediate superior performance (3.7 quality points)</td>
<td></td>
</tr>
<tr>
<td>B+</td>
<td>88-89.99</td>
<td>Very good performance (3.3 quality points)</td>
<td></td>
</tr>
<tr>
<td>B</td>
<td>83-87.99</td>
<td>Good performance (3.0 quality points)</td>
<td></td>
</tr>
<tr>
<td>B-</td>
<td>80-82.99</td>
<td>Intermediate good performance (2.7 quality points)</td>
<td></td>
</tr>
<tr>
<td>C+</td>
<td>78-79.99</td>
<td>Fair performance (2.3 quality points)</td>
<td></td>
</tr>
<tr>
<td>C</td>
<td>73-77.99</td>
<td>Satisfactory performance (2.0 quality points)</td>
<td></td>
</tr>
<tr>
<td>C-</td>
<td>70-72.99</td>
<td>Unsatisfactory performance (1.7 quality points)</td>
<td></td>
</tr>
<tr>
<td>D+</td>
<td>68-69.99</td>
<td>Unsatisfactory performance (1.3 quality points)</td>
<td></td>
</tr>
<tr>
<td>D</td>
<td>63-67.99</td>
<td>Unsatisfactory performance (1.0 quality points)</td>
<td></td>
</tr>
<tr>
<td>D-</td>
<td>60-62.99</td>
<td>Unsatisfactory performance (0.7 quality points)</td>
<td></td>
</tr>
<tr>
<td>F</td>
<td>0-59.99</td>
<td>Failure performance (0.0 quality points)</td>
<td></td>
</tr>
<tr>
<td>S</td>
<td></td>
<td>Satisfactory; only assigned for C or better work when a course is taken on a S/NC grading basis. Carries no point value.</td>
<td></td>
</tr>
<tr>
<td>NC</td>
<td></td>
<td>No Credit; indicates failure to complete a course satisfactorily, and is only assigned for C- or worse work when a course is taken on a S/NC grading basis. Carries no point value.</td>
<td></td>
</tr>
<tr>
<td>I</td>
<td></td>
<td>Under extraordinary circumstances and at the discretion of the instructor, the grade of I (Incomplete) may be awarded to students who have satisfactorily completed a substantial portion of the course but cannot complete the course for reasons beyond their control. An I carries no quality points. If the I grade is not removed within one calendar year or upon graduation, it shall be changed to an F and count as a failure in the computation of the grade point average.</td>
<td></td>
</tr>
<tr>
<td>W</td>
<td></td>
<td>Indicates student has officially withdrawn from the course or the university. Carries no point value.</td>
<td></td>
</tr>
</tbody>
</table>

# Incompletes

Based on adopted University of Tennessee-Knoxville policy, a grade of I (Incomplete) is reserved for emergencies that prevent the student from completing the course on time. Incompletes are granted only under "the most unusual of circumstances" and solely at the discretion of the instructor. Plan your semester’s course of study carefully to insure sufficient time to complete the required work. For students who simply "disappear" without contacting the instructor and without completing the required form, an "F" is submitted.
ACADEMIC INTEGRITY

Each student is responsible for their personal integrity in academic life and for adhering to UT’s Honor Statement. The Honor Statement reads: “An essential feature of the University of Tennessee, Knoxville is a commitment to maintaining an atmosphere of intellectual integrity and academic honesty. As a student of the university, I pledge that I will neither knowingly give nor receive any inappropriate assistance in academic work, thus affirming my own personal commitment to honor and integrity.”

YOUR ROLE IN IMPROVING THE COURSE THROUGH ASSESSMENT

At UT, it is our collective responsibility to improve the state of teaching and learning. During the semester you may be requested to assess aspects of this course, either during class or at the completion of the class, and through the TNVoice course evaluation. Please take the few moments needed to respond to these requests as they are used by instructors, department heads, deans and others to improve the quality of your UT learning experience.

STUDENTS WITH DISABILITIES – HTTP://SDS.UTK.EDU

The University of Tennessee, Knoxville, is committed to providing an inclusive learning environment for all students. If you anticipate or experience a barrier in this course due to a chronic health condition, a learning, hearing, neurological, mental health, vision, physical, or other kind of disability, or a temporary injury, you are encouraged to contact Student Disability Services (SDS) at 865-974-6087 or sds@utk.edu. An SDS Coordinator will meet with you to develop a plan to ensure you have equitable access to this course. If you are already registered with SDS, please contact your instructor to discuss implementing accommodations included in your course access letter.

ACCESSIBILITY POLICY AND TRAINING – HTTP://ACCESSIBILITY.UTK.EDU

The University of Tennessee, Knoxville, provides reasonable accommodations for individual students with disabilities through its office of Student Disability Services. The university is also committed to making information and materials accessible, when possible. Resources and assistance to support these efforts can be found at http://accessibility.utk.edu/.

WELLNESS – http://wellness.utk.edu/ and http://counselingcenter.utk.edu/

The Center for Health Education and Wellness empowers all Volunteers to thrive by cultivating personal and community well-being. The Center can answer questions about general wellness, substance use, sexual health, healthy relationships, and sexual assault prevention. The Student Counseling Center is the university’s primary facility for personal counseling, psychotherapy, and psychological outreach and consultation services.

Any student who has difficulty affording hygiene products, groceries, or accessing sufficient food to eat every day is urged to contact the Big Orange Pantry for support. The Big Orange Pantry, located in Greve Hall, is a free resource for all students, faculty, and staff, no matter how great or small their need is. Students who need emergency financial assistance can also request funding from the Student Emergency Fund.
Students who are experiencing non-academic difficulty or distress and need assistance should call 974-HELP or submit an online referral. The 974-HELP team specializes in aligning resources and support to students experiencing mental health distress.

**EMERGENCY ALERT SYSTEM – [HTTP://SAFETY.UTK.EDU/](http://SAFETY.UTK.EDU/)**

The University of Tennessee is committed to providing a safe environment to learn and work. When you are alerted to an emergency, please take appropriate action. Learn more about what to do in an emergency and sign up for [UT Alerts](https://teaching.utk.edu/the-syllabus/#covid). Check the emergency posters near exits and elevators for building specific information.

In the event of an emergency, the course schedule and assignments may be subject to change. If changes to graded activities are required, reasonable adjustments will be made, and you will be responsible for meeting revised deadlines.

**COVID-19 GUIDELINES**

Optional syllabus language related to COVID-19 is available on the syllabus page of the Teaching and Learning Innovation website: [https://teaching.utk.edu/the-syllabus/#covid](https://teaching.utk.edu/the-syllabus/#covid). Please note that this language may change. For your convenience, COVID-19 guidelines as of August 8, 2022, are listed below.

**CDC guidance** recognizes the changing dynamics of living in a world with COVID-19. It rates COVID-19 community levels as low, medium, and high, with recommendations at each level about the use of masks and other precautions. At all levels of community spread, staying up-to-date with vaccination is the best way to protect yourself from serious illness and to limit the spread of COVID-19. Wearing a mask is always an option for any individual who chooses to do so, and the CDC recommends that those with high risk of severe illness talk with their health care providers. If you are sick, please stay in, avoid being around others as much as possible, and contact your health care provider for any symptoms that are worsening, moderate to severe, or concerning to you. For more information about vaccination or to self-report an illness and receive support, visit [http://studenthealth.utk.edu/CommunityHealth](http://studenthealth.utk.edu/CommunityHealth). For more information about COVID-19, visit [http://studenthealth.utk.edu/covid-19](http://studenthealth.utk.edu/covid-19).

**COURSE EVALUATION**

You will be invited by email to evaluate the course at the end of the term via TNVoice. Please participate in this valuable process. I also invite your comments throughout the course and read all comments, suggestions, and recommendations.

**DISCLAIMER**

Should it be necessary to cancel a class meeting, every effort will be taken to do so in advance. Look for e-mail announcements via Canvas. The course schedule may change due to unforeseen circumstances, but you will be notified of any alternations via Canvas.
ADDITIONAL POLICIES AND POINTS OF INFORMATION

CCI Diversity Statement
The College of Communication and Information recognizes that a college diverse in its people, curricula, scholarship, research, and creative activities expands opportunities for intellectual inquiry and engagement, helps students develop critical thinking skills, and prepares students for social and civic responsibilities. All members of the College benefit from diversity and the quality of learning, research, scholarship and creative activities is enhanced by a climate of inclusion, understanding and appreciation of differences and the full range of human experience. As a result, the College is committed to diversity and equal opportunity and it recognizes that it must represent the diversity inherent in American society. The College is acutely aware that diversity and fairness are foundations that unite the College's faculty, staff, students, and the larger communication and information community.

Instructor Status as a Title IX Mandatory Reporter
University of Tennessee faculty are committed to supporting our students and upholding gender equity laws as outlined by Title IX. Please be aware that if you choose to confide in a faculty member regarding an issue of sexual misconduct, dating violence, or stalking, we are obligated to inform the University’s Title IX Coordinator, who can assist you in connecting with all possible resources both on- and off-campus. If you would like to speak with someone confidentially, the Student Counseling Center (865-974-2196) and the Student Health Center (865-974-3135) are both confidential resources. For additional resources and information, visit titleix.utk.edu.

Plagiarism
Plagiarism in any of its forms is intolerable, and attention to matters of documentation in all written work is expected and required. Inadvertence, alleged lack of understanding, or avowed ignorance of the various types of plagiarism are not acceptable excuses. Specific examples of plagiarism are:
1. Copying without proper documentation (quotation marks and a citation) written or spoken words, phrases, or sentences from any source.
2. Summarizing without proper documentation (usually a citation) ideas from another source (unless such information is recognized as common knowledge).
3. Borrowing facts, statistics, graphs, pictorial representations, or phrases without acknowledging the source (unless such information is recognized as common knowledge).
4. Collaborating on a graded assignment without the instructor’s approval.
5. Submitting work, either in whole or in part, created by a professional service and used without attribution (e.g., paper, speech, bibliography, or photograph). Students who may be unsure of the nature of plagiarism should consult the instructor or a
guide for writing research reports. Resources are available through the University Libraries, including a Citing Sources guide.

Infractions of academic integrity are penalized according to the severity of the infraction but may include a course grade of "F."

COURSE SCHEDULE LOCATED IN COURSE SCHEDULE IN CANVAS

* Unless otherwise indicated, all readings can be found on Canvas and should be completed prior to the lecture.
